

# Our Outcomes Framework

Part of our monitoring approach is to assess outcomes for tamariki, rangatahi, families and whānau who receive services or support from the oranga tamariki system and whether positive outcomes are being achieved. To do this, we use our pātai pākiki to guide our engagement with people receiving services, and we analyse what we hear using our outcomes-based codes.

Our outcomes framework was developed using a holistic te ao Māori lens. It draws upon the Government's six wellbeing outcomes from the Child and Youth Wellbeing Strategy and incorporates key dimensions from the Whānau Ora Outcomes Framework and the Oranga Tamariki Outcomes Framework.
